

We are glad to announce that AIUB has signed an MOU with QMUL (Queen Mary, University of London) and entered into a partnership by developing some collaborative programs in the fields of Computer Science as mentioned below.

- 2+2 arrangement for the Undergraduate program: students complete 2 years at AIUB and further 2 years at QMUL to gain their B.Sc. from QMUL. Students with CGPA of 3.0 or above and with IELTS of 6.0 are eligible for this program.
- There will be some cost reductions on Queen Mary's standard tuition fees.
- Details of this program are added at the end in Appendix I, II and III.
- Qualified AIUB undergraduates are welcomed for M.Sc. studies at QMUL with bursaries.
- Students who have completed at least 1 year of their MS degree at AIUB may be considered for transfer to study on M.Sc. by research at QMUL.

Appendix I – Financial Arrangements

The table below details the costs of the programmes outlined in the agreement. The costs detailed below entail substantial reductions on Queen Mary's standard tuition fees. **It is envisaged that the parties will work together to secure third party funding wherever possible, including but not limited to funding provided by the British Council, the Chevening Scholarship Scheme and funding provided by the European Union for capacity building initiatives.**

Queen Mary Standard Tuition Fees 2008:

PhD: £10000 per annum
 MSc: £11100 per annum
 BSc/BEng: £10900

Costs for all programmes under this agreement in 2008:

£7500 per annum

Appendix II – English Language Requirements

Electronic Engineering and Computer Science

	IELTS	TOEFL	CBTOEFL	IBTOEFL	GCSE English
Direct entry	6.5	580	237	92	C
1 month's preessional course required	6.0	550	213	79	D

Note: Students who achieve below IELTS 6.0 or equivalent are not normally admitted onto the preessional.

Appendix III – Articulation Arrangements

1. The following table outlines the direct entry for suitably qualified AIUB students into Year 2 of selected undergraduate degree programs offered by Queen Mary, University of London:

<i>Students having completed two years of the following AIUB programmes may progress onto..</i>	<i>..Year 2 of the following QMUL programmes</i>
<ol style="list-style-type: none">1. BSc Computer Science2. BSc Computer Science and Software Engineering3. BSc Software Engineering4. BSc Computer Information Systems5. BSc Computer Science and Engineering	<ol style="list-style-type: none">1. BSc Computer Science2. BSc Multimedia Computing3. BSc Computer Science with Multimedia4. BSc Computer Science with Web Technologies5. BSc Business Computing

2. Queen Mary, University of London is prepared to offer admission to AIUB students graduates who will have a cumulative grade point average of **3.0 or above** upon completion of the second year of their studies at AIUB.

3. Standard English language requirements apply, as detailed in Appendix II.
